**Principal’s News**

**Kim Egan**

**Nationally Consistent Collection of Data for school students with disability**

All Australian governments have agreed to work together on the annual collection of data on school students with disability. The collection of this data will assist teachers, principals and education authorities support the participation of students with disability in schooling on the same basis as students without disability.

From 2015, all government and non-government schools in Australia will be required to participate annually in the Nationally Consistent Collection of Data on School Students with Disability. The first data collection took place in selected schools in October 2013. Over 2013 and 2014 selected schools participated in data collection under a phased approach before full national implementation in 2015.

This new national data collection will reinforce the actions required of schools under the national *Disability Discrimination Act 1992* and the Disability Standards for Education 2005.

In future years, the collection will require individual student information and information will be forwarded to parents at that time to allow them to make an informed choice about whether they want their child’s information to be included or not in the national reporting activity.

**Duana Zande**

Congratulations to Carbrook’s 2015 graduation student Duana Zande who is at Shailer Park High School having great success and we look forward to hearing about her musical success in the future. Well done Duana. Please read about Duana at the rear of this newsletter.
Staffing Update

Barbara Willshire – Barbara has been a part of our school for many years in the role of Business Services Manager. Carbrook State School wishes Barbara all the best in her retirement.

Please welcome Teri Finnimore as our Acting Business Services Manager.

Melissa Dillon – Farewell to Melissa Dillon our music teacher, and our very best wishes to you for your health and the birth of your baby.

Welcome to Ruben Ugarte who will be with us for music for the remainder of 2016.

Cleaner – It is with much sadness that I announce that Lisa Matthews our cleaner has taken leave. We wish you well Lisa, and trust you will be back with us for 2017. Best of luck!

Please make welcome Robyn Dumesey who is Lisa’s replacement.

Chloe McKenzie – Farewell to Chloe as she leaves us for 12 months, awaiting the impending birth of her first baby. Good luck!

Deidre Klatt – Welcome back to school next week after some long service leave.

Thank you to Tegan Sinclair for taking Deidre’s class during her absence but welcome back as relieving teacher in Chloe McKenzie’s class.

Naplan

Last week our students sat the NAPLAN tests for 2016. Congratulations to their class teachers and our specialist teachers who worked diligently to build student test stamina which has occurred over the past 12 months.

Naplan is one source of data that we use to inform reflection upon the progress of our students and our school. At Carbrook we seek a range of data from a range of sources to create a balanced view of how our students and our school is performing and what our subsequent actions need to be.

Naplan 2016 at Carbrook was successful this week. I know this because our Year 3 and 5 teachers combined with their Prep, Years 1, 2, 4, 6 and specialist colleagues have worked together skilfully to deliver quality learning programs over time to our varied student body. I also know this because our teachers regularly collect student performance data to “take the pulse” of your child’s learning. Results are scheduled to be received in the last week of Term 3.

To our students in Years 3 and 5 I hope you feel proud of your efforts. I know I am!
Success with Effort!

ANZAC DAY

Our ANZAC parade was a respectful parade where our students, teachers, parents, grandparents and other community members showed respect to our ANZACS and those that have or that are serving our country. Our wonderful Carbrook Kids presented excellent audience manners during the parade whilst our school leaders, special guests, choir and strings addressed the parade.

A big thank you to the following people:

- Special guest Justin Dyer, Ambassador for Cam’s Cause
- Glen Court for their moving delivery of the first post
- Mrs Dillon and Carbrook’s Choir for singing a very moving and powerful song
- Mrs Dorney and our string performers
- Miss Green for organising and co-ordinating the parade
- Carbrook State School would like to thank our entire distinguished guest, staff and students, parents and volunteers of our school community for attending today’s special service.
Big congratulations to our student leaders who lead an amazing parade. Thank you to all those that attended the parade and making this parade one to remember.

**Report Cards to be Emailed this Semester**

Carbrook is updating its reporting processes in line with 21st century practices. This term Carbrook will be embarking on an electronic system of reporting, therefore report cards will be emailed to families at the end of this semester rather than receiving a hard copy.

In March this year Education Queensland has made available the facility for Carbrook to email report cards home to families at the end of the semester. Emailing report cards home has 3 advantages.

- □ Parents get an instant PDF file copy of their child’s report card that can be saved and printed as required.
- □ The enormous amount of paper and copying costs for paper report card can be used for other learning resources in the school.
- □ The school’s carbon footprint is reduced and paper and printing resources conserved.

In the coming weeks parents will receive a letter requesting confirmation of their current email addresses. In order for electronic reporting to be successful, it is necessary contact details (email addresses) are accurate on our school database. Please respond to any emailed or hardcopy requests for confirmation of current email addresses. Parents can still request a printed copy if they do not have email access and arrangements will be made accordingly.

Report cards will be generated directly from one school. Please add OneSchool.application@dete.qld.gov.au to your list of safe senders to ensure report card emails aren’t sent to the Junk folder.

In addition to receiving an academic report, parents will receive a support document that provides information on your child’s academic position within the year level cohort. This is a new initiative to the reporting process and the intention is to provide informed information around your child’s achievement progress and position in relation to his/her peers.

**Mothers’ Day Stall 2016**

The Mothers’ Day Stall was back again this year with some great gifts. Students were invited to go shopping for a small gift for Mum or “special someone”. The P&C organized a range of gifts of great value. Thank you to those volunteers who provided an opportunity for children to buy a little present for mum without her knowing what it was. How nice it was to hear the many stories from our students who provided their Mum with a special breakfast in bed plus a surprise present on Mothers’ Day. We appreciate everyone who helped make this such a success. Without the help of volunteers this opportunity would not be able to be run. Your dedication and support is greatly appreciated. Thank You
Celebration of Learning for Term 2, 2016

Term 2 Celebration of learning is scheduled for all classes from 12pm Wednesday, 15 June. All parents are welcome to attend and celebrate their child being 100 days smarter at school.

12 – 1pm    Prep to Year 2
1 – 1.30pm Bring a blanket and share your afternoon tea with your child/ren
1.30 - 2.30pm Year 3 to Year 6
2.30 to 3pm Pack up ready for home.

Please save this date and time.

Deputy Principal’s News

Every day counts

This term we continue to track and monitor attendance on parade and in class. At Carbrook State School we have introduced a new initiative to acknowledge class attendance whereby the school attendance target of 95% has been reached. The class in P – 2 and 3 -6 who achieves the greatest attendance percentage for the week receives the attendance trophy for the week. The students have been looking forward to seeing the weekly attendance percentages on parade and finding out which classes receive the trophies for the week.

Parents are reminded of the importance of sending children to school every day. Being at school every day counts, with one day absent each week quickly adding up to two months of missed lessons in a year.

Unless your child is ill, it is expected that your child will be at school learning every day of the school year.

More information on the importance of regular school attendance is available at http://education.qld.gov.au/everydaycounts/index.html

Late arrivals at school – We are seeing a large number of students arriving late for school. Attendance at school every day gives your child the best opportunity to do well. Just a little bit doesn’t seem much but........

The Life Education Team and Harold the Giraffe will be visiting:

*Carbrook State School*

*From Thursday 16th June to Friday 24th June, 2016.*

The cost to participate in this program is $7. Payment is due by Monday June 6th 2016.

**Payment Options are as follows:**

**Option 1:** Pay by cash, EFTPOS or credit card at school office from 8:15am – 9:15am, Tuesday and Thursday

**Option 2:** Pay by direct credit into school bank account

BSB: 064-170
A/c#: 00902152
A/c Name: Carbrook State School General A/c
Reference: Your child’s name & Class & Activity eg. T.Smith, Yr 2 Harold

**ICT update**

The maintenance and upgrade of ICTs in a school is a great expense annually. This term, 10 classrooms were equipped with a new interactive whiteboard including our music room. This is very exciting for our staff and students. Thank you to Mr Jamie Badwick for his assistance with the installation of these new devices.

---

**LAUGHTER THE BEST MEDICINE**

How is it that the sound of laughter is far more contagious than any cough, sniffle, or yawn?

While humour and laughter can cause a domino effect of joy and amusement for anyone in range, it is well researched that this activity can make us healthier. Though it can be difficult to define what exactly makes humour funny, laughter has long been considered helpful to the healing process. The research also indicates that humour and laughter play a positive role in our overall health.

Did you know that laughing:

- exercises the internal organs (great for the stomach muscles and the cardiovascular system),
- gets more oxygen to the brain, with all that mouth opening and deep breathing, (to enhance alertness and thinking),
- boosts endorphins (natural mood-elevating and pain-killing chemicals),
- strengthens the immune system (to help fight off disease.)

Laughter has also been shown to improve pain tolerance, reduce stress, lower blood pressure, and protect the heart. It is also cheap, and has no harmful side effects providing that the only person you laugh at is yourself. It is also important that your children are exposed to levels of humour that are appropriate to their age and stage of development.

---

**Guidance Officer**  
Linda Hilder
Laughter has many positive effects. It can

- improve a person's optimism and outlook on life
- connect you to others – others will want to spend time with you
- foster instant relaxation
- make you feel better.

The great Groucho Marx who spent his movie life clowning around stated: **A clown is like an aspirin, only he works twice as fast.** Let’s see more people laughing and smiling. Our communities, including schools and workplaces, can only benefit.

**NEEDED:**

Small cardboard boxes no bigger than a cereal box to be used in our Art Club. If possible not torn.

If you have any board games in reasonable condition that your family has finished with, we would appreciate you donating them to our Art Club.

---

**Susan Mitchelmore**

**Make it easy for your kids to be responsible by Michael Grose**

Michael Grose revisits how to teach children “responsibility”.

Recently I worked with a mother who became really frustrated by her attempts to shift responsibility onto her two school-aged children for some of their basic self-care activities such as packing school lunches, even taking schoolbags to school. She was caught in two extreme modes – either she told her children what they should be doing or she left her children to their own devices to figure out what they should be doing. She swung from authoritarian (“Do this!”) to laissez-faire (“Whatever?”) modes. Both strategies were problematic. Telling them what to do just meant she assumed responsibility for packing bags, lunches and the like, which often became a nagfest. It also encouraged parent deafness.

Alternatively, letting them figure out what they should do themselves meant that sometimes they remembered and sometimes they didn’t. Some children need some help along the way rather than being left to their own devices. The point is that you need to make it easy for some children to be responsible for their own well-being. This requires us to move into teacher mode, which can be a challenge at those busiest times of the day.

Here are three ways you can make it easy for children and teenagers to take responsibility for their basic tasks of life without assuming responsibility yourself as a parent:

1. Remind them: “Have you got your bag/lunch/homework/wallet?” said in a non-whining, non-accusatory way as a busy or distracted child or teen heads off to school is sometimes all it takes to get their head thinking right. If they choose not to take action or need further reminders then you are taking responsibility for their self-care.

2. Use a ‘to do list’: One particular gender needs more help with personal organisation than the other. Yes, boys can find ‘to do list’ helpful but don’t put too many things on the list. No more than five items and make sure they are the essentials. Use photos for non-readers and make sure they touch each photo once they have done the task. This makes a great anchor for young learners.

3. Rehearse in low stress situations: My motto with some kids is NEVER ASSUME! That is, just because you have told them what to do doesn’t mean they know how to do it. If getting off to school fully armed with books, homework, food, clothing and the rest is important then have a bit of fun rehearsing it at night – a number of times. Okay, it may be going overboard but some children really need this type of help in low stress, low pressure situations. Combine this rehearsal with a ‘to do list’ and you are really making it easy for kids to be responsible.

If you find that you are making it too easy for children to be responsible then make yourself scarce at times and see how they do without you being around. While redundancy may be the aim for parents we need to be mindful that some children need more assistance than others. There is a middle ground (of making it easy to be responsible) we can adopt between nagging and leaving kids to struggle when we want children to take responsibility for their basic self-care activities.
It has been a very busy time in the school as the Academic Performance Coach. It is a privilege to be working in the classrooms of Carbrook, extending the Upper Two Band children, and working with their teachers to deliver lessons that result in deep understanding and knowledge by the students.

Working with ‘Rich Texts’ in classrooms, ensures that the children are reading and unpacking rich literature and topics, that build on their prior knowledge and engage them and build on this to extend their understanding of what they are reading. As Upper Two Band Coach, I have been working with teachers to ensure the texts covered in class are of the highest quality, thereby ensuring that the learning that results from these texts covers all areas of comprehension and reading strategies. Some of these strategies include:

- Finding the main idea
- Recalling facts and details
- Comparing and contrasting
- Recognising cause and effect
- Making predictions
- Word meanings
- Drawing conclusions
- Making inferences
- Distinguishing between fact and fiction
- Identifying the Author’s purpose
- Interpreting figurative language
- Summarising.

These are all important strategies and skills that ensure comprehension of the text being read. Similar strategies can be used at home when completing home reading, to provide a richer read.

Our Books for Breakfast Club continues to be an exciting start to Monday and Tuesday at Carbrook State School. Feedback from our junior readers teachers, includes many positive comments including, ‘I love reading’, ‘why can't Books for Breakfast be on every day?’ The children at the club, both volunteer readers and junior readers, are constantly displaying their love of reading and their desire to help and improve the skills of our younger readers. Mrs Egan, Mrs Reece and I are in discussions to update our book collection at Carbrook, and to increase the borrowing time at the library to ensure maximum use of resources.

Our Maths focus continues to be Problem Solving, using the ‘SEE PLAN DO CHECK’ model, and the Maths toolkit. All classes from prep to grade one are using this model for all aspects of Maths instruction. The ‘SEE PLAN DO CHECK’ model can be integrated into any subject area as a tool for solving problems. The children use the model to read the problem, decipher the important information provided, make a plan to complete the problem, choosing a strategy from the ‘Maths Toolkit’ of strategies, then they complete the problem, and check their answer using a variety of strategies. By instilling this method throughout the entire class, it ensures that there is a universal approach from Prep to Year 6, for all forms of problem solving.

Upcoming events for me will be celebrating Book Week, and presenting a Reading Workshop for LLI student parents.
Walkers’ Club

As the weather begins to cool down, we invite students and family members to take advantage of the opportunity to walk, talk and get warm at Walkers Club before school every Monday, Tuesday and Friday morning. It is wonderful to see our Prep students walking confidently and responsibly with their new friends they have made at Carbrook this year. Please remember to bring your hat (the sun still shines in winter) and water bottle with you to Walkers Club and PE lessons.

Interhouse Senior Athletics Carnival

On Monday, 30 May and Tuesday, 31 May Carbrook State School will hold its annual Interhouse Senior Athletics Carnival. Students across Year 3 to Year 6 will dress in their house colours and enthusiastically participate in long jump, shot put, tug-o-War, ball games, 800m, 200m, 100m/80m and relays. Please note that high jump is not part of the program as Carbrook is not equipped with the correct mats which meet safety requirements. More information and a program of events will be published when all details have been finalised.

Junior Sports Day

On Tuesday, 21 June Carbrook State School will hold its annual Junior Athletics Carnival. Students across Prep to Year 2 will dress in their house colours and enthusiastically participate in sprinting and relays, long jump and various tabloid activities. This is a very exciting day with a focus on participation, being active and having fun! More information and a program of events will be published when all details have been finalised.

Music

This semester has been busy in the music room with students engaging with their performing unit. Students have been singing in class groups, creating rhythm patterns, singing in rounds and creating group performances. All year levels have been busy completing their final assessment tasks for this reporting period. Our choir has been busy rehearsing every Tuesday at first break in the music room. After such a moving performance on the ANZAC parade we look forward to seeing them perform later on in the year. It is expected that all students that have nominated to be part of the choir remain committed to the group for the rest of the year. Our instrumental students will be performing at FANFARE in the coming weeks and we wish them all the best of luck.

I would like to thank the Carbrook students for their enthusiasm, commitment and dedication to the music program since I arrived in 2013. It has been a wonderful four and a half years working with such talented students. While I say farewell to them for the next twelve months as I begin my maternity leave I would like to warmly welcome Mr Ruben Ugarte to Carbrook State School. He will be taking on the role of classroom music teacher.

Ruben Ugarte has been teaching music for the past 14 years. Originally from Sydney where he taught in high schools for 6 years, he moved to Queensland and has been working in the primary school system for the past 8 years. His main instruments are the piano and guitar.

Yours in music,
BAKE DAY – 30TH AND 31ST MAY 2016

Cook up a storm!

On Monday 30th and Tuesday 31st of May, our Student Council will be holding a ‘Bake Day’ to raise funds for lunchtime play equipment.

We hope that you will spend some time with your family making some yummy treats to raise funds for our school. The baked items will be homemade and have a list of ingredients displayed with them.

You will need to send the items for sale with your child on Monday the 30th or Tuesday 31st of May for sale on Monday and Tuesday during our senior sports carnival.

The children will have the opportunity to purchase the treats during the lunch break for the cost of $1.00 each.

P&C News

May P&C news

The P&C AGM was held this month, with the following elected positions:

President – Cameron Lynch
Vice President – Jens Tampe
Treasurer – Julie Hanson
Secretary – Nadine Logan

I would like to thank the efforts of Melanie Bell, our outgoing secretary and Geraldine Hunt, Vice President. Our next general meeting will be held 6.30pm, Wednesday, June 1, in the school administration building. If you would like to help, offer assistance, have ideas on how the P&C can help the school and its students please come along.

We are currently talking with local and state government officials around car park issues. There are many levels of red tape that need working through, however we are making a start and everyone is talking. We were also successful with our Community Gaming grant application, with those funds to be used on replacing some playground equipment.

The Friday 13th Trivia night was a success thanks to the effort of Jenny Doig and Arlie Curtis. Thank you ladies for your tireless efforts and all those that helped behind the scenes, Geraldine with her party games to keep us entertained between rounds. I certainly enjoyed the night and well done to the winning team.

We have the senior sports days next week and are still looking for volunteers. If you can help out please contact Arlie as directed from the school correspondence. The school also sent out some date claimers recently. Make sure you have a look at all the upcoming events and let us know if you can help out. pandc@carbrook.eq.ed.au

I know it is difficult to volunteer time, however without the help of parents we will be unable to hold these fundraising activities. This has a knock on effect, reducing the amount the P&C can fundraise and donate back to the school. It is unfair and unrealistic to always rely on and expect the same 5-6 parents to do everything. It doesn't have to big acts, every bit of help is appreciated.

NAME: Duana Zande

CLASS: 7A

PRIMARY SCHOOL: Carbrook State School

WHAT I LOVE ABOUT SHAILER PARK STATE HIGH SCHOOL

Action packed, Effective, Enjoyable. Transitioning to high school at Shailer Park State High School has been a great experience. I think it is a great school because it has many fantastic opportunities to thrive and flourish in things you are really passionate about. There are a range of great subjects to choose from at Shailer Park SHS, my favourite subject is Music because SPSHS has an excellent music programme of which I am very passionate about and it requires great discipline to be a part of. At lunch time I participate in Champions Cup which is a class vs class sporting competition where we can win prizes. Prior to coming to high school, I didn’t know that I didn’t know there were so many responsibilities and opportunities. When I finish school I want to be a palaeontologist or zoologist. I think this would be a great job because I enjoy working with animals and I would be very good at it.
Mount Cotton Road

Night works

May 2016

About the works:
Road reconstruction and resurfacing works will be undertaken on Mount Cotton Road, Carbrook, between Lakeside Drive and Carbrook Road.

Works will commence in mid May 2016 and are expected to be completed in early August 2016, weather permitting.

Work Details:
- Work hours are from 6pm to 6am
- Some day works will be required, though two-way traffic will be maintained at all times during these hours to avoid traffic disruption.
- Work activities include road reconstruction, laying new asphalt, guardrail raising and line marking.
- Changed traffic conditions apply, which will include temporary lane closures and stop/slow traffic conditions.
- Electronic message signs will advise motorists of upcoming traffic changes, timing and available detours.

Expected Impacts:
- Reduced speed limits and stop/slow traffic conditions will be in place. Delays can be expected and motorists may wish to seek alternate routes.
- Access for local residents and businesses will be maintained at all times, although points of access may change temporarily.
- Advance warning signs will be in place and traffic controllers will direct traffic through the work zone.
- Reverse warning alerts and flashing light beacons on construction vehicles are a safety requirement and will be used at all times during work hours.
- The project team will make every effort to minimise impacts.

Wet weather, contractor availability and site conditions may change the work schedule.

For more information, please contact the project team:
Phone: 07 3297 3150
Email: C3.Enginerie@bju.com.au
Web: www.mtr.qld.gov.au
Post: PO Box 701,Beenleigh QLD 4207

Safety First – Please drive with care through roadworks; your safety and our employees’ safety is important to us!

Plan ahead – Keep up to date with traffic conditions – call 13 19 40 or visit www.131940.qld.gov.au for the latest traffic and travel information.

* Standard call charges may apply

Scope of work:

Restricted Traffic Movements
- Stop/slow traffic conditions
- Restricted access to intersecting streets along Mount Cotton Road

Please follow traffic controllers’ instructions and drive with care through the work site.

[Map of Mount Cotton Road showing restricted areas]
HOW TO TALK SO KIDS WILL LISTEN

Learn skills that make life with children easier and more satisfying.

The goal of the How to Talk so Kids will Listen™ workshop is to give parents practical, effective methods of communication that will make their relationship with children of all ages less stressful and more rewarding.

Facilitated by Megan Warren
Primary School Teacher

Megan Warren is mother of five, with over 13 years teaching experience in Australia and the United Kingdom. In this time she has taught children ranging from Prep to Year 7 and has been recognised for her communication skills through leadership in school behaviour management committees. In 2011 Megan participated in a parenting course entitled 'How to talk so kids listen & Listen so kids talk', which immediately resonated with her teaching philosophy and quest to be a more effective parent.

Saturday 21st May 9am - 1pm and Saturday 28th May 9am - 12pm
Upstairs at the Redlands Centre for Women

Bookings close 14th May 2016, minimum number required for course to proceed.

Helping children Deal with their Feelings
