PARENT/CAREGIVER

- I understand that the Internet can provide students with valuable learning experiences.
- I understand that it gives access to information on computers around the world: that the school cannot control what is on those computers: and that a very small part of that information can be illegal, dangerous or offensive.
- I accept that, while teachers will always exercise their duty of care, protection against exposure to harmful information should depend finally upon responsible use by students.

I believe _____ (Name of student) understands this responsibility, and I hereby give my permission for him/her to access the Internet under the school rules. I understand that students breaking these rules will be subject to appropriate action by the school. This may include loss of Internet privileges to all information resources, detentions or suspensions, depending on the nature of the incident.
