

Carbrook State School

School review conducted 6 to 8 February 2023

Every Queensland state school is reviewed by the Department of Education at least once every four years. School reviews provide important feedback to support schools in continuing to deliver quality education and improve learning outcomes for students.

Review highlights

- ✓ A calm and welcoming environment within an appreciative community.
- ✓ Students speak highly of the school and value their teachers.
- ✓ Staff are deeply invested in the school, students and community.
- ✓ High expectations and clear rules for student behaviour supported by strong Positive Behaviour for Learning processes.

Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...

- ➔ Collaboratively develop a clear school vision, aligned to the strategic plan, with measurable targets which will guide school decision making and the direction moving forward.
- ➔ Further develop teacher knowledge of the Australian Curriculum (AC) and understanding of P-12 curriculum, assessment and reporting framework requirements to inform curriculum design and delivery.
- ➔ Refine the whole-school curriculum assessment and reporting plan to ensure horizontal and vertical alignment and consistency across the three levels of planning with the AC.
- ➔ Embed processes of the Professional Learning Teams to further develop staff capability around curriculum, teaching and learning to continue to lift student academic outcomes.
- ➔ Develop moderation processes at multiple junctures to share expectations regarding student learning, align unit plans with assessment tasks, and ensure consistent and accurate reporting.
